### 01 | A TURNKEY SOLUTION

The process of company formation in the region can be a time consuming, frustrating and costly endeavour.

When compared to other options for company formation, our service can offer significant savings. Moreover an investor can avoid unnecessary commitment while an acquisition, start up, or capital investment is under negotiation.

Trinity's shelf companies have been carefully structured to facilitate a quick, efficient transfer of ownership and commencement of business activities.

Our service meets a broad range of needs and is of particular value when the timing of market entry is critical, for example with company or real estate acquisitions.

### 02 | STRUCTURED FOR FLEXIBILITY

Under direct control of Trinity, our shelf companies are fully established, operational entities which include:

- ▲ Registered address.
- ▲ Flexible articles of association.
- ▲ Minimum statutory share capital funding.
- ▲ Active bank account.
- ▲ Registration with the competent authorities.
- ▲ Tax registration (CIT & VAT).
- ▲ Statistical office registration, where applicable.
- ▲ Current accounting records and financial statements.

As Trinity shelf companies are registered with the tax authorities investors can consequently maximise CIT and VAT tax benefits from the moment of acquisition.

### 03 | POST TRANSFER SERVICE

Our corporate secretarial services team can provide after sale support to newly-purchased companies by preparing notifications or changes to the courts, company registers, banks and other reporting bodies.
